Dear Licensee,

We are very excited to introduce the newest feature to our website, an application status checking database. This feature will help you check the status of new applications, outdoor permits, special licenses, add-ons, etc. It is anticipated this feature will eliminate a majority of the over 2,500 telephone status calls answered monthly by the Commission Licensing staff.

A computer liaison team has been working diligently toward an online application tracking database that will provide external customers with the ability to review licensing application statuses online. The rewrite and testing process is complete and ready for use.

To access your request, visit our website, [www.michigan.gov/lcc](http://www.michigan.gov/lcc) under the "What's New" box, and you may search by Applicant name, Business ID, Request ID, Street address, Mailing city or Governmental Unit in which the proposed business will be located, i.e. city, township etc. then hit the ENTER KEY or scroll down and click on SUBMIT. Once the application you are interested in is located, click on the business in question and the application status will be displayed.

After you have reached the application you are interested in, click on the Blue Request ID number and the application status will be displayed. If the status reflects PENDING, be aware that Michigan Liquor Control Commission has not received and/or reviewed all information necessary to process the request. If there is a date in the RECEIVED column, the information outlined in the Description Field has been received.

If you have any questions or need further direction, please feel free to contact the Commission Licensing Division at 517-322-1400.

Sincerely,

A handwritten signature in cursive script that reads "Nida R. Samona".

ADA Product Changes	<p>Periodically, distribution rights for spirit brands change from one ADA to another due to contractual changes with the spirit suppliers. The Commission has established strict transition guidelines for ADAs to follow when product lines change so as to not interrupt the flow of spirit products. ADAs who no longer carry a particular spirit brand are required to advise retailers attempting to place an order with them that the brand is available through another ADA. Please notify the Michigan Liquor Control Commission if ADAs are not notifying you that the brand is available from another ADA.</p>
