

Part 21 - Powered Industrial Truck

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance.

The MIOSHA Training Institute introduced a certification program, effective October 1, 2007. This course is an MTI Level Two course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course covers the training and operating requirements for powered industrial trucks in general industry workplaces. Safety topics include training program implementation, operator selection, training, testing and permitting inspection procedures, work safety practices, retention of training and maintenance records, and identification of types of powered industrial trucks. Occupational health topics include information on carbon monoxide, ventilation controls, personal protective equipment, and emergency eye flush and shower facilities. Resources and sample documents will be provided to assist attendees with implementing a powered industrial truck program in their workplace. This training session will also provide an overview of common exercises used for field evaluations.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Employer Responsibilities
- ▶ Employee Responsibilities
- ▶ Occupational Health Hazards
- ▶ Hands-on Demonstration for Daily Inspection Requirements

The meeting site and parking is accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517.322.1809. The Department of Energy, Labor & Economic Growth is an equal opportunity employer/program.

Facilitator

Micshall Patrick is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. She has been with the Division for more than 17 years and currently provides consultation and training services for Kalamazoo, Kent, and Barry counties. During Micshall's tenure with CET, she has developed various safety training programs within the agency, including recordkeeping and powered industrial truck train the trainer.

Before working for the State of Michigan, Micshall was a personnel specialist with Kalamazoo County performing personnel functions and administering the county's workers' compensation program. She also chaired the County Safety Committee, which developed accident prevention programs for county employees. Micshall is a graduate of Kalamazoo College with a Bachelor's degree in Political Science.

Presenters: Micshall Patrick, Senior Occupational Safety Consultant and Gregg Grubb, Senior Industrial Hygienist; MIOSHA-CET Division
