

In preparation for the Friday, September 18th release of CHAMPS (Community Health Automated Processing System) to the public, MDCH began redirecting claims from the legacy MMIS to CHAMPS on Monday, September 14th. MDCH has been closely monitoring CHAMPS to ensure that claims are adjudicating appropriately. Any issues are tracked and, if possible, resolved immediately. MDCH has identified an issue with some Medicaid Interim Payment (MIP) indicators. MDCH is working to resolve this matter and will adjust these claims accordingly.
